

### Philanthropic Giving in Melbourne's Inner North 2007-2008

The latest statistics published by the ATO (2010) shows an average of **46% of taxpaying residents** across Melbourne's Inner North made, and claimed, a tax deductible donation in the 2007-2008 financial year. This is **well above** the Victorian average of 34.83%. Have a look at the giving statistics for your suburb.

Note: these figures do not include raffles, volunteering or purchases.
